PRESENTATION

Mike Bellinger from BFS Architects will lead the Committee on a discussion of the Draft Park Use Masterplan.

The Park and Recreation Committee was given access to the Draft Masterplan on October 20, 2014. Mike's plan is to acquire information from the Committee in regards to the following aspects of the plan:

- Page 23 – regarding the chart, can P&R assist with other opportunities for improvements at our Park facilities and features?
- Page 29 - Can P&R assist with assessing needs for recreation in the park utilizing its facilities and features?
- Page 32 – Can P&R assist with providing trends they are seeing users performing freelance in the park or they anticipate may need to be accommodated in the future?

It is anticipated the Park and Recreation Committee members will have had a chance to thoroughly review the draft plan and be available to provide input on these subjects as well as have any questions regarding other aspects of the plan answered by the Architect.
